

# FULL ROLL PROGRAM

## STYLE 0700—RED RUBBER SMOOTH FINISH

Styrene Butadiene Rubber Sheet. Recommended for low applications such as washers and gaskets for the heating and plumbing trades. Non-oil resistant compound that resist flow under compression. Offers moderate to good performance against low pressure surfaces. Durometer Hardness Shore A– 75±5. Tensile strength - 500 PSI. Temperature Range: -10°F to 200°F. **Red Color**

## STYLE 0710—RED RUBBER CLOTH FINISH

Styrene Butadiene Rubber Sheet. Non-oil resistant compound for air, hot and cold water, and exterior service. Durometer 75±10/5. Tensile strength - 400 PSI. Temperature Range: -10°F to 200°F. **Red Color**

## STYLE 0723—EPR 60 DUROMETER

Excellent general purpose rubber. Excellent resistance to heat, cold ozone, and ultraviolet light. This makes it an excellent material for outdoor applications. Also has excellent chemical resistance. Excellent electrical and dynamic properties. Not oil resistant. Durometer 60±5. Tensile strength 800 PSI. Temperature Range: -20°F to 220°F. **Black**

## STYLE 0725—NEOPRENE 60 DUROMETER

Neoprene blend provides moderate resistance to oil and ozone. For use in bumpers, pads, and sealing in general gasket and flange applications. Durometer 60±5 Minimum tensile strength - 800 PSI. Temperature Range: -20°F to +170°F. **Black**

## STYLE 0726—BUNA-N 60 DUROMETER

Buna-N (Nitrile) has very good resistance to many oils and chemicals. Durometer 60±5 Tensile Strength 900 PSI Elongation 250% Temperature Range -20°F to +170°F. **Black**
